Our Blue Ridge Mountains

There are a lot of reasons to consider western North Carolina for the rest of your career...and Caldwell as your new personal and professional home.

The views are spectacular; the coffee is piping hot; the community is generous in its support; the golf courses are inviting; the location is central to the mountains and a half-day drive to the beaches of the Atlantic; and the hospital is staffed by a collegial medical staff that needs your services to continue our pace of growth.

Signs of Downtown Revitalization

Welcoming, Family-friendly Community

You won't be a stranger for long in our community. We welcome new-comers with open arms. Our temperate climate means mild winters with a little snow for effect, but also a long gardening season complimented by the changing seasons and their colors. We are within easy access of major metropolitan centers as well as mountain retreat villages and offer a pleasant suburban lifestyle. Our excellent public school system (K-12) plus the community college and technical institute and Appalachian State University make education a valued commodity. The arts and culture are alive and well. Local and touring talent keep us entertained in both grand and down-home comfortable style. The great outdoors are just outside our door. Hiking, biking, kayaking, fly fishing, golf, tennis, skiing, horse-back riding and mountain climbing are just some of the things to keep you busy here.

Radiation Oncology Dedication

Growing Medical Community:

Caldwell Memorial Hospital is the choice for healthcare in Caldwell County. The Caldwell Physician Network provides the majority of primary care and select specialty care to our market through nine separate practice groups and locations. Our Emergency Department sees about 30,000 visits a year. A team of hospitalists manages inpatient care for the majority of our physicians and provides medical consults and medical management of surgical patients as required.

The Opportunity:

A very busy Family Practice group offers a great opportunity to the physician who wants to provide the full range of inpatient and outpatient service or, is can be an outpatient-only model of practice if the candidate desires. Main Street Medical Park is a member of the Caldwell Physician Network of hospital-managed practices. The position features the benefits afforded a hospital-employed physician with rewards that recognize individual productivity. The staff and administration of the practice is stable. The senior physician has practiced in the community for ten years after residency, and is highly respected. Hospitalists admit your patients during office hours. You round on and manage the inpatient care of your patients during their hospital stay. Call is 1:4 for IP/OP or 1:14 OP only.
